- Who is going on the trip? There are policies available for single travellers, couples and families.
- How long are you going for? Look into long-stay policies for trips that last a few months.
- How far are you travelling? Policies are often set by area, so make sure to look into this.
- How often do you travel? If you go on frequent holidays, multi-trip insurance could be a good option for you.

Armed with the right information and the fantastic Cashback offers through the **API website**, you'll be good to go. Safe travels! API

Save 7% on Endota Spa Instant eGift Cards

by Rebecca Hastings

Hands up who needs some me-time? So, that's all of us, right? It's all too easy to get swept up in the stresses and strains of everyday life, leaving little to no time for yourself.

That's where **Endota Spa** comes in. The Australia-wide network of spas are havens where women can escape life's everyday stresses. Their friendly staff aim to relax you right from the get-go - and a cup of calming herbal tea upon arrival is just one of the little details that make the **Endota Spa** experience one of a kind.

Choose from a range of facials, massages, manicures and pedicures or comprehensive full-body treatment packages that encompass a bit of everything - there are special packages for different needs, such as Surrender, designed to offer a moment of peace, or Rejuvenate, a total body relaxation experience with glowing results. These are the perfect gift for Mother's Day - and if you want to treat yourself, too, you could always go along with your mum for a girly pampering day.

The best part? You'll **save 7%** on **Endota Spa** treatments and packages with an **Instant eGift Card** through www.apilifestyle.com.au, meaning you can really relax knowing that your pampering day hasn't broken the bank. **API**

Earn up to 10% Cashback on Mum's perfume

by Rebecca Hastings

My go-to gift for any occasion is fragrance. I think there's nothing more uplifting than a lovely scent, whether it's from a perfume, a bath product or a candle. So, I'm planning to get my mum something that smells great for Mother's Day, and I'm looking at my options on www.apilifestyle.com.au. There are some fantastic deals on there - here's what I've found...

Strawberrynet

This e-tailer is my go-to for beauty products, as all of its stock is heavily discounted - and considering I earn a whopping **10% Cashback** there through www.apilifestyle.com.au, I can afford to buy my mum a perfume for Mother's Day and still have enough left over to buy her another little treat. Strawberry.net stocks all of the biggest brands in beauty, and they pride themselves on only selling 100% genuine branded items, so you can be confident that you're getting a top-quality product.

Priceline Chemist

Priceline is great for when you want to try out fragrances in-store, although you'll **save 7.5%** with an **Instant eGift Card** through www.apilifestyle.com.au whether you choose to visit a branch or shop online. I took a trip to my local store this week and had a sniff of the Gucci Bloom fragrance, which I'm seriously considering buying for my mum - or maybe just for me!

Glasshouse Fragrances

The candles, diffusers, body bars, hand wash and hand creme at **Glasshouse Fragrances** are all handmade in Australia, and come in exciting scents such as coconut lime, burnt sugar and fig and pink lemonade. I think my mum would love the Fresh & Fruity mini trio of candles; a set containing candles with cilantro and orange zest, passionfruit and lime and lemongrass fragrances. You can **earn 10% Cashback at Glasshouse Fragrances** when you shop there through www.apilifestyle.com.au.

Chemist Warehouse

Chemist Warehouse prides itself on being Australia's cheapest online pharmacy - and if that's not a good reason to check it out when buying a Mother's Day gift, I don't know what is. It offers discounts on some amazing perfumes and fragrance gift sets, from the sensual Si by Giorgio Armani to the fresh and classic CK One. Don't forget to visit the e-tailer through www.apilifestyle.com.au, as this way, you'll **earn 3% Cashback** on your purchase. [API](#)
