Look after your **health (and wallet)** – chocolate antioxidants **now cost less!**

by Rebecca Hastings

Anyone who knows me will attest to the fact that I am a total chocoholic - it's an antioxidant, you know! So you can imagine how happy I was to discover the super-sweet offers I can get through www.apilifestyle.com.au. I earn **13% Cashback** when I shop with **Edible Blooms**, a delicious alternative to traditional flowers, and I **save 10%** with an **Instant eGift Card** at **San Churro**, which has Spanish-style *chocolaterias* all over Australia where you can enjoy churros (Spanish donuts) dipped in rich, thick chocolate or a host of other delights.

As someone with a major sweet tooth, I know how nice it is to receive gifts that provide that little hit of sugar and happiness. So, whenever there's a birthday or other special occasion I need to get a gift for, I always make sure to include a little something from **Edible Blooms** to sweeten the deal!

It's easy to find the gift I want on the **Edible Blooms** website, as you can search by occasion - such as baby gifts, romance gifts, sympathy gifts or corporate gifts - and there's even a fast gift finder, where you simply select your occasion, budget and location and the site gives you the best options to choose from.

The sweet treats include everything from the Hazelnut Heaven bloom - a bouquet in a gold bucket featuring Ferrero Rocher and Lindt hazelnut chocolate balls - to a dozen chocolate-dipped strawberries, a gourmet donut gift box and even chocolate and booze combinations.

All this edible gift shopping can give me some serious sugar cravings, so I'll head to **San Churro** afterwards to treat myself to the churros for one, with a pot of melted chocolate. If I'm feeling really extravagant, though, I'll opt for my favourite, the Very Berry Velvet: churros drizzled in white chocolate topped with soft red velvet sponge, red velvet gelato, fresh strawberries and a red velvet crumb. It's delicious paired with one of **San Churro's** Fairtrade coffees. [API](#)

It's great to be able to save money on treating both myself and my loved ones to a little sweetness with www.apilifestyle.com.au.

Unsure about what kind of sunglasses you need to invest in for the summer months? Here's my handy guide to the perfect pair for any occasion, and how you can save on them via the **API website offers**.

High glamour - Sunglasses with precious stones scream luxury, so if you want to impress the fashion crowd with something really special, go for a pair by Miu Miu at **Sunglass Hut**, with their incredible diamond and pearl details. You can **save 10%** at **Sunglass Hut**, with an **Instant eGift Card**, so you won't feel too guilty about treating yourself! Men's sunglasses can be super-luxe, too - check out Dior's mirrored designs, available at **David Jones**, where you'll also **save 10%** with an **Instant eGift Card**.

Beach please - With summer on its way, you'll need a pair of sunnies to stash in your beach bag for when you're lounging around on the sand.

Sneaking Duck's "Beached As" wood sunglasses frames are perfect for that laid-back beach vibe, and can be worn by both men and women. You'll **earn 10% Cashback** at **Sneaking Duck**, too.

Work it - Need a pair of sunnies to go with your summer workwear? Sleek, minimalist designs will go with everything. Check out **Myer** for a selection of ultra-slim frames - you'll **save 6%** there with an **Instant eGift Card**.

Everyday casual - For a pair of everyday sunglasses, you'll want something that's on-trend yet low-key enough to match any outfit. Ladies can't go wrong with a classic tortoise shell - you'll find lots of these at **Catwalk88** for really great value, and you'll **earn a huge 28% Cashback**, too. For guys, a pair of Ray-Bans is a fail-safe option - they might be a little pricier, but they'll last forever. And, since you can **save 10%** at **OPSM Instant eGift Card**, you won't need to break the bank to buy a pair. **API**

Don't forget, if you need prescription sunglasses, you can get them for even better value with the health fund rebate. When you combine this with these amazing offers on www.apilifestyle.com.au, you'll make a huge saving!

Summer trends and **savings**

by Rebecca Hastings

It's that time of year again when we're all looking to update our wardrobes as the weather warms up. There's so much to prepare for, from race days to Christmas parties, that it can be difficult to know where to begin! With that in mind, here are the top trends for this season to get you started - and you can save money on all of them with the amazing offers available through www.apilifestyle.com.au.

For the ladies:

- **Leopard print** - This pattern can be seen on everything at the moment, from blouses and skirts to earrings, bags and sandals. If you want to unleash your wild side and try out the trend, check out **Supré** - they've got loads of leopard-print clothes and accessories in at the moment. Plus you **earn 7% Cashback**.

- **Statement earrings** - This summer, earrings come in big, bold shapes, made from materials like coloured resin and tortoiseshell and adorned with tassels and pom-poms. **Witchery** has a fantastic selection, and you'll **save 7%** with an **Instant eGift Card**.

- **Slogan t-shirts** - Let your clothes do the talking! Slogan tees are everywhere at the moment, and no one is embracing the trend more than **Pretty Little Thing**, which has a whole section on its website dedicated to it and you can **earn 8% Cashback**.

- **Midi dresses** - Ditch the mini this season - it's all about knee- and calf-length hems. Midi dresses are perfect to throw on for any occasion - go for one in a classic floral print for a fail-safe look. You'll find lots at **Cue**, where you'll earn **8% Cashback**.

For the guys:

- **Street essentials** - Opt for box t-shirts and sports coach jackets teamed with fresh white trainers and crisp chinos. **The Iconic** has a whole edit on its website dedicated to this trend, and you'll earn **10% Cashback** when you shop with them.

- **Linen** - This fabric is a wonderfully lightweight choice for summer, so it's no surprise that linen shirts and suits are making a comeback. Go for a linen with lots of texture for a contemporary look. You'll find lots of linen pieces at **Uniqlo**, where you'll earn **7% Cashback**.

- **Floral patterns** - Don't shy away from florals - they're super-fashionable at the moment! Small-scale flower patterns are adorning plenty of men's shirts at **Country Road** right now - you'll **save 10%** there with an **Instant eGift Card**.

- **Zesty colour** - Summer is the time for bright shades, so throw caution to the wind and sport a vibrant orange or lemon t-shirt or blazer. Check out the selection of block-coloured pieces at **Target**, where you'll **save 5%** with an **Instant eGift Card**. **API**
